

COMPANY PROFILE:

CS Event Management is a Johannesburg based events management company, providing turnkey services. With offices in Randburg and suppliers in every province, they are able to cater to all clients regardless of location.

CS Events have coordinated corporate and private events for many satisfied customers. Led by Czar Swart this dynamic team has extensive marketing and event management experience.

The CS Events have continually maintained their "custom" to be present at every function the Company coordinates. The result is that management is able to personally micro-manage and direct every aspect of a function with their experience and hands on approach, leading to a successful and unforgettable event.

CS Events have been noted as the preferred event coordinators for their clients due to their quality service and competitive rates. They have maintained excellent relationships with their suppliers, and are therefore able to negotiate discounts, thereby working within the specified budget, and saving their clients money.

This track record has ensured repeat business from both private and corporate clients alike.

1. Event Décor

The CS Events team co-ordinate and manage the event décor, including draping, themed décor, which includes the utilisation of props, marquee draping, fairy light draping, venue draping, ceiling draping, scallop draping etc.

Table décor includes and is not limited to all crockery, cutlery, linen, chair covers, overlays, chair tie backs and any additional extras to enhance the theme and type of function chosen.

Table centre pieces are specifically chosen to enhance the theme and mood of each function, to ensure each table setting theme chosen is unique, elegant, stylish and tasteful, and are used in the form of props, flower arrangements, candelabra, hanging crystals etc.

2. Audio Visual, Sound and Staging requirements

CS Events provide full audio equipment, including professional sound systems to accommodate the capacity of guests at each specified function. This includes and is not limited to full visual and projection systems. Lighting to create the mood of each function is provided, from the use of fairy lights, parcans, spot lights, to complete lighting equipment

Staging is provided to accommodate the requirements of each function, and includes stage steps, stage skirting, backing etc.

3. Entertainment

CS Events provide full entertainment including professional, choreographed fire performances, dance performances to name just a few as well as DJ and Band requirements.

Entertainment chosen, including the choice of the relevant performers, is specifically selected to ensure the function is enhanced by this relevant choice.

4. Full Hiring Services
